

## Gas Detector Pumps

- Gas detector pump accuro
- Automatic pump accuro 2000
- Automatic pump Quantimeter 1000

Different Dräger gas detector pumps have been developed to suit specific applications: accuro gas detector pump, the manually operated bellows pump for short-term measurements. accuro 2000, used in combination with the accuro as automatic pump system for short-term measurements. Quantimeter 1000, the automatic gas detector pump for short-term measurements in areas where intrinsic safety is required.

### Dräger-Gas Detector Pumps and Systems

accuro Pump Kit	154-6400260
accuro bellows pump	154-6400000
Extension hose set accuro, 3 m	154-6400077
Extension hose accuro, 10m	154-6400078
accuro spare parts kit	154-6400220
Automatic pump accuro 2000	154-6400200
Charger Europe accuro 2000	154-6400201
Charger USA accuro 2000	154-6400203
Charger UK accuro 2000	154-6400204
Battery pack accuro 2000	154-6400202
Carrying case accuro 2000 (without contents)	154-3050518
Gas detection case (without contents)	154-6400225
Hot air probe	154-CH 00213
Vehicle exhaust probe	154-CH 00214
Dräger Tube opener	154-6400010
Quantimeter 1000	154-8101000
Carrying bag for Quantimeter 1000	154-8100200
Battery pack Quantimeter 1000	154-8100230
Adapter for connecting extension hose	154-8100225
Spare part kit Quantimeter 1000	154-8101005
Extension hose with tube holder for Polymeter	154-6727995
Pack of 10 plastic hoses	154-6729031
Universal battery charger for Quantimeter 1000 and Polymeter	154-6805855
Adapter (when utilising standard Dräger Pumps with Niosh pattern only)	154-6728639
DLE-Set	
Dräger Liquid Extraction set	154-6400030
Aerotest D	154-20700
for measurement of compressed air	

**Aerotest**

for measurement of air, medical gases and carbon dioxide:
