

## AC/DC Clamp Meter

**MODEL: TES-500**

### Features

- No residual magnetism among each current measurements
- Accurate for 50Hz & 60Hz current measurement
- Safety test lead jack avoids any electrical shock
- No separate attachment required for ohm test
- Convenient temperature test range

**#135-TES-500**

### Specifications

**AC current:** 0-6A, 15A, 60A, 150A, 300A, 600A

**AC voltage:** 0-150V, 300V, 600V

**Resistance:** 0-2K (Mid-scale 40 ohm) 0-200K (Mid-scale 4K ohm)

**Temperature:** -50°C to +200°C

**Frequency:** 50/60Hz

**Jaw capacity:** 40mm

**Accuracy:** ACA  $\pm$  3% of F.S.

ACAV  $\pm$  3% of F.S.

Ohm  $\pm$  3% of Scale length

Temp.  $\pm$  3% of Scale length

**Power source:** "AA" 1.5V x 1

**Fuse:** 0.5A 250V, 5 x 20mm fast blow

**Size & Weight:** 198 x 84 x 15mm 380g Approx.

**Kit Includes:**

Carrying case, Instruction manual & Safety test leads

**Optional Accessories:** TP-R01 temperature probe
