

## Volt Stick®

**MODEL:** MTP-Volt Stick®

### Features

- Range: 90 - 660 VAC 2pcs of "AA" 1.5V

#135-MTP-Volt Stick

**Volt Stick®** is an instrument for safety checking the presence of an AC voltage in cables, wall sockets, fuses, circuit breakers, junction boxes, etc.

No current flow is needed for correct operation of the **Volt Stick®**.

When a voltage is detected, a **red** indicator in the plastic tip of the Volt Stick® illuminates.
