

## AccurSite

AccurSite is a unique type magnifier which utilizes a dual acrylic lens system, worn on the head to leave both hands free. Gives a three dimensional view. The lenses are prismatic so that the eyes focus on the object being viewed at the proper distance for magnification being used, thereby relieving eyestrain. Can be worn over prescription eyeglasses or safety glasses. Lightweight lenses can be worn with comfort for long periods of time. Comfortable padded headband is adjustable to fit any person quickly and easily. Tilts out of the path of normal vision when not in use. Available in a variety of magnifier powers and focal lengths for various uses.

Item No.	Magnifies	Focal Length	Lens No.	Magnifies	Focal Length
<b>106-AL-3</b>	1 3/4 times	14 inches	<b>106-AL-13</b>	1 3/4 times	14 inches
<b>106-AL-4</b>	2 times	10 inches	<b>106-AL-14</b>	2 times	10 inches
<b>106-AL-5</b>	2 1/2 times	8 inches	<b>106-AL-15</b>	2 1/2 times	8 inches
<b>106-AL-7</b>	2 3/4 times	6 inches	<b>106-AL-17</b>	2 3/4 times	6 inches

\* AccurSite w/Lens Plate.
